**“Planning”**

*Presented by: Marcus Bouligny, The Prospectus Group*

**October 26, 2011  
10:00 AM - 12:00 NOON**

The Centers for Prevention Resources have partnered with The Prospectus Group to provide a series of online learning opportunities that give a foundation for the Strategic Prevention Framework. Each online training will begin with a 2 hour webinar with follow-up online engagement activities that will keep the dialogue going amongst the participants for approximately one (1) week. Participants can sign up for a single session or the whole series. The online trainings are great for an introduction or a quick refresher in the SPF steps. These are especially ideal for new staff or community members looking to learn about SPF.

**Session 4: Planning session will discuss:**

- A) gain an understanding of critical milestones
- B) identification and selection of EBP
- C) review of products of the planning process
- D) how buy-in and involvement from community stakeholders is essential to the process
